## Tips to earn 5 figure income using EAP

At Exabytes, we are always ready to give you some comprehensive tips. With EAP, you can earn up to 5 figure income if you can fully utilise all the marketing materials given to you in our EAP control panel.

If you have a website, our EAP works perfectly for you! Let's take a look on how it can help you.

### Web Banners

This is one of the advertising methods that is very popular on the Web. Different web banner sizes (that suit the feel of your website) can be obtained from our EAP control panel. The web banner is an ad graphic hyperlinked to Exabytes website and we will frequently update our promotional web banners once we have new promotion.

### Text Ads

It is formatted as a plain text on a web page. You can blend it nicely into your website layout and no doubt it can increase your website hits and traffic.

### Text Links

In any event which you would love to place a hidden link which your website visitors will click on it without realizing that it's an affiliate link is our Text Links. You can place it at the footer of your website implying that you are a proudly hosted by Exabytes.

"Now, what if you don't have a website and you still want to earn 5 figure income? No worries .....  
EAP will settle it for you."

### Email Links

If you have email, then bingo! In order to refer your friend to Exabytes, you can just copy the code (found in EAP's control panel) and put it in your email. Once your friend clicks on the hyperlink, he will be redirected to Exabytes website and that's when the tracking starts. Whenever your friend makes any purchase, that will be the reason for you to smile.

### Tier-Linking

If the person you refer to via your affiliate links (using whichever method you recommend him) signs up as an Angel, and once he earn a commission, you will earn 5% of his commission! Amazing, right? What are you waiting for? Spread and earn today!

### Email Tool

Wait a second, are you telling me that you don't even own an email and you want to earn? That's fine as well. With EAP, it works like magic! All you need is the login to your EAP control panel. Click on marketing material > email friends and associates. Enter your friends' emails and there you go!
